

Easy Recite Arabic (ERA) TRANSLITERATION Easy Read & Easy Teach Instant NAZRA Quran

Handy GPS for NAZRA Quran Readers

'Non-Arabs read Arabic *Quran* **Easier** than the **Arabs**'

For centuries, the teachers of non-Arab Muslims wished and prayed for a **Handy GPS**, working in an Arabic text, to pre-tell their students:

- The exact audio-conduct for each letter, in its sequence, before each letter is actually expressed by the reader, in NAZRA-Quran recitation.
- The exact valid function of each diacritic, before the said diacritic is actually obeyed by the reader, in NAZRA-reading of the Holy Quran.
- The ultimate 'As-to-be-read Effect' at each and every WAQF sign.

Ultimately, Allah^{sbt}, the *Ar-Rahman* of *Al-Quran*, Who repetitively makes the Quran easier (Chapt. 54), granted a successful **Handy GPS** in the Easy Recite Arabic (ERA) Transliteration. It runs on **3 Color-Cues**, as under:

Now, the Facts are:

- ✓ Contrary to the 'Not-to-pre-tell practice,' in usual Arabic scripts, ERA Transliteration '**Pre-tells**' audio-conducts of all 323,760 letters in entire Holy Quran, through the colors cues, explained above.
- ✓ Besides, ERA Transliteration '**Pre-tells**' an exact function of each and every diacritic, in entire Holy Quran, using the same color keys.
- ✓ More over, ERA Transliteration '**Pre-tells**' the 'As-to-be-read Effect' of each and every WAQF sign, using the same color keys. In fact, it has liberated all NAZRA readers from all old-fashioned WAQF signs.

ERA Transliteration has a Handy GPS in it:

With this GPS, ERA Transliteration creates a Surprisingly Simple Script for NAZRA Quran. It offers an Instant NAZRA to millions of Muslims. It has some more merits. These must be verified and used by the Quran lovers.
