

## NAZRA QURAN IN OLDEN DAYS

**Never**, an Arabic script was duly designed / developed to make *NAZRA*-Quran simple, friendly, efficient and pleasant for needy Muslims of the world.

**Hence**, actual pronunciation of Arabic letters, words and versus got transliterated into (say) Roman, which served many *Nazra*-needs, with 8 newer made-easies, over usual Arabic scripts.

**So**, Needy Muslims got pleased with **Roman Arabic Transliteration (RAT)**.

## NAZRA QURAN NOW A DAYS

**ERA Transliteration** is the **2-in-1** Arabic script, exclusively engineered and built for *Nazra* Aspirants. It offers same 8 made-easies, of Roman Transliteration.
